If players do not have a National Ranking, then the Director will draw the top 4 players into respective groups at his discretion based on knowledge of the players. Note that all other players will be drawn randomly into respective groups. Each group will play a RR amongst themselves. All matches will be played in a tie-break style, but points will be played continuously for 10-minutes without any targeted end score. At the end of 10-minutes, the players' scores/points will be recorded. If after 10 minutes the scores are tied, then a sudden death point will be played to break the tie (the receiver will choose whether they will receive on the deuce or add side). Players within each group will be ranked [1st, 2nd, 3rd & 4th] according to their total points earned at the end of the RR phase. If there is a tie at the end of the RR phase, then the tie will be broken using head-to-head results.
